Xleaner Portable Crack + For PC [Updated-2022]

Xleaner Portable Crack Mac is a lightweight and handy utility that can help you clear all browser's browsing history, cache, cookies, passwords, files, logs, recent documents list, autocomplete memory, email, local settings, as well as recent run lists in Windows. It has a simple and clean interface, and it has been designed to be as light as possible. Afterwards, you can even remove temporary Internet files, such as temporary files, run history, log files and the autocomplete memory. The app can be set to erase Windows cache, Windows files, and MS SQL Server logs automatically. Xleaner Portable is a free application, however, it may have some limitations and known issues. For example, Windows Vista and Windows XP are not supported. Moreover, you cannot delete temporary files when the program is running. Xleaner Portable will automatically create log files in your specified directory. Therefore, it is recommended to choose a folder that has enough free space, and to leave some space in it, just in case you need more space for the app to work.
